VESTIGE PALACIO DE FIGUERAS: AT A GLANCE

Palacio de Figueras is a majestic 16th-century palace rising above a bustling port on the Eo estuary in Asturias, northern Spain. Restored to its full beauty for deep comfort and privacy, the house is available as a private rental for exclusive weddings, special events and unforgettable holidays.

Rooms and Suites

The palace offers 11 spacious ensuite bedrooms spread over two floors including two majestic suites - Don Pelayo (100 sqm) and Reina Gaudiosa (70 sqm) - all decorated with an elegant flair that pairs the rich history of the building with stylish contemporary features.

Shared Spaces

Meticulously restored throughout, there's ample space for groups of friends and families to relax in graceful and quietly luxurious shared spaces which include two lounges, a TV room, a library, a bar, an orangery and a high-end kitchen, and outside a swimming pool and outdoor dining area and lounge.

Gardens

Generously landscaped gardens with sea glimpses flow in a set of terraces bursting with plants, trees and flowers down towards the coast with private access to the port. Each area is as charming as the next for alfresco dining, sundowners and morning coffee. Guests can also enjoy the heated outdoor pool during their stay.

Dining

Staffed by an expert kitchen team who create delicious menus using the very best local produce from the region's finest producers. For an exciting and personalised gastronomy experience, menus can be devised for all dietary requirements including a range of children's options.

Events

A specially designed and integrated marquee is available for celebrations of up to 200 seated guests and an assortment of spacious lounges offer different configurations to host presentations, talks and meetings of any size. The palace is also the perfect backdrop for photoshoots.

Experiences

From the wild coast to the soaring mountains in the Picos de Europa, Asturias has a plethora of unique experiences which we can arrange for our guests through tours or with local experts:

Coast and countryside walks	Surf lessons in Tapia	Sailing	Boat trips
Fishing village visits including dining experiences	Walks along part of the Camino de Santiago	Kayaking	Cookery classes
Cider tasting	Pre-Romanesque architecture tours of Oviedo	Water skiing	Live chef demonstrations
